[Violation of the Regulation, Article 92, Clauses 1 and 2 pertinent to the Pharmaceutical Affairs Law, Article 18, Paragraph 1, and violation of the MHLW Ordinance on Standards for Quality Control of Pharmaceuticals, Quasi Drugs, Cosmetics, and Cellular and Tissue-based Products (MHLW Ordinance No. 136 of 2004), Article 4, Paragraph 1; and Article 8, Clauses 1 and 2]

<Background Leading to Disposition>

In May 2020, an in-house inspection confirmed that the colorant used in the Product did not meet the specification, but was manufactured and marketed as conforming to the specification. Upon such discovery, Hisamitsu reported it immediately to Saga Prefecture, and started voluntarily recalling the Product from July 2020. Thereafter, Hisamitsu complied with a series of inspections and guidance provided by Saga Prefecture, and made its utmost efforts to improve its quality and manufacturing control; after which, Saga Prefecture has now made the decision to enforce the aforementioned administrative disposition.

Meanwhile, Saga Prefecture has confirmed the full compliance of Hisamitsu's GMP scheme with no GMP control-related violation other than this particular matter.

< Possible Health Hazards Related to this Product >

The amount of the colorant used for this Product was very little, and has been confirmed to cause no serious health hazards. Presently, there have been no reports of adverse events resulting from this matter..

< Disposition of Directors >

We would like to hereby announce that, as a voluntary punitive action in the face of this administrative disposition, Hisamitsu has decided, at the board meeting held on August 10, 2021, to reduce compensation of all directors as follows.

- President and Representative Director: 20% reduction of 1-month compensation from August 2021
 - Executive directors: 10% reduction of 1-month compensation from August 2021
 - Directors: 5% reduction of 1-month compensation from August 2021
- (Outside directors excluded)

<Future plan>

While this event is expected to cause very little impact on the consolidated financial results for the fiscal year ending February 28, 2022, we will timely and promptly disclose any information as required by the disclosure rules if situations change in the future.

Since this event was discovered, Hisamitsu voluntarily suspended manufacturing of pharmaceutical products at and shipment thereof from Tosu Factory to improve its operations, and has been thoroughly self-inspecting all activities related to quality and manufacturing control to seek for the root cause of the problem, and based on which, setting out and executing appropriate strategies.

Hisamitsu takes this administrative disposition very seriously, and is committed to render its full capacity to further its efforts to make improvements, ensuring full observance of the Pharmaceutical Affairs Law and other regulations as a responsible pharmaceutical company, and that the management team and each employee will make their utmost efforts to prevent the recurrence of such failure and work sincerely to restore trust from the society.
